

Telecare Bootcamp

Tunstall Healthcare's Telecare Bootcamp is a basic training camp to introduce the benefits of telecare applications to keep people living independently in their own homes, managing troops who go AWOL and provision of backup telecare support for the civilians in your care platoon.

The Telecare Bootcamp includes Interactive participation in learning how to assess, evaluate and implement telecare for civilians. Survival kits and ration packs will be issued to enlistees.

Designed to push recruits to their limits, this Bootcamp guarantees serious results, serious fun, seriously fast.
